

## Detailed Planning Permission Secured for five new houses in Dagenham, London

JB Planning Associates has secured detailed planning permission for five new dwellings on a former gymnasium site at 5-7 Reede Road, Dagenham, London.

The site has access constraints and is in close proximity to neighbouring properties. These issues presented significant challenges however JB Planning Associates was able to establish that there was development potential.

Working closely with the applicant and project architect, JB Planning Associates, provided planning and development advice on the project, prepared and submitted a planning application demonstrating to officers the acceptability of the scheme with planning permission now secured.
